

# WEAVING ACCESSORIES

## FLOOR STAND

A preferred accessory, our floor stand easily converts the Harp Forte from a table or lap loom into a stand alone loom. Available for each width of Harp Forte.

## DOUBLE ENDED WEAVING HOOK

New design featuring standard sized hook on one end and a thinner wire-type end on the other for better interactions with fine yarns

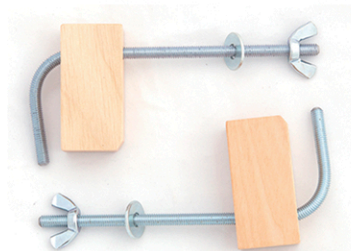

## DIRECT WARP PEG AND CLAMP SET

For assistance when using direct warping method to warp the Harp Forte.

## CLAMP SET

For use with Direct Warp Peg or when securing Harp Forte to table when used without stand. Set includes 1 wood block & clamp hardware.

## SECOND HEDDLE BLOCK SET

Necessary components for equipping your loom with a second heddle for double-heddle weaving.

## HARP UPGRADE KIT

Metal ratchet and pawl sets to upgrade a Harp into a Harp Forte by replacing plastic parts with metal ones.

## WEAVER'S CHOICE HEDDLE

A heddle that allows the weaver to choose every size of dent by snapping together each individual piece, allowing maximized artistic creativity without restricting the weaver to pre-determined widths of dents.
